

# Transforming Lives, One Face at a Time

In a world where physical appearance often plays a pivotal role in self-esteem and confidence, Dr. Raymond Lee, Founder and Medical Director of FaceologyMD, is on a mission to transform lives, one face at a time.

**B**orn and raised in a small town in Ohio where hard work, humbleness, and kindness were mainstay values, Dr. Raymond Lee's educational journey began at a small private boarding school in Claremont, California, followed by undergraduate and medical school in Chicago. He then embarked on a Head & Neck surgery residency in Miami before completing a Facial Plastic surgery fellowship in Indianapolis.

In 2006, Dr. Lee returned to sunny California to work for a national plastic surgery practice. He made Newport Beach his home, and not only found a beautiful coastal community but also his future wife, Shannon, a pharmacist. After working for the practice for several years, Dr. Lee decided to venture out on his own in 2015, and Shannon coined the name for their practice, "FACE- OLOGY," defined as "the study of the face." This study has been Dr. Lee's sole sub specialty training and focus over the course of 25 years. Patients seeking natural face rejuvenation come across the country for Dr. Lee's signature deep plane Faceology Lift. Through his practice, Dr. Lee envisioned and created a comfortable environment where patients can be heard and receive expert care with natural results and easy recovery.

What sets FaceologyMD apart from the numerous plastic surgery practices and medspas in Orange County is its exclusive focus on facial aesthetics. Dr.

Dr. Lee meets with patients to understand their individual needs and determine the best surgical or non-surgical procedures to achieve their desired look.

Lee and his team of expert providers specialize in facial rejuvenation procedures, including face, brow, neck lifts, and lip lifts, as well as rhinoplasties. What makes FaceologyMD unique is the emphasis on performing most procedures under local anesthesia and IV sedation, eliminating the need for general anesthesia. In addition, their medspa offers minimally invasive and non-invasive treatments for the face and neck.

Dr. Lee takes great joy in meeting interesting patients from California and beyond and playing a special part in their lives. "It's a privilege to be in a position of trust and seeing the happiness and confidence after a surgical procedure is heartwarming," explains Dr. Lee.

Over the years, Dr. Lee's CdM neighbors and even local business owners have also become his patients. "These unique relationships further strengthen the bond my practice and family have in this community," says Dr. Lee. "I love running into them in the village and catching up."

**With a focus on the future, FaceologyMD is continuously evolving and completed a beautiful remodel to enhance the patient experience. Surgeries are performed at their state-of-the-art accredited surgery center.**

Dr. Raymond Lee's expertise and dedication to his patients have not gone unnoticed. In 2024, he was again voted #1 Cosmetic Surgeon by *The Orange County Register's* Best of Orange County. He has also been selected once more as one of Orange County's Physicians of Excellence 2025 by the Orange County Medical Association, honoring those physicians who have gone above and beyond in the community.

The FaceologyMD team is dedicated to providing a comfortable environment where patients receive expert care in the most natural way.

Additionally, all the surgeons at FaceologyMD are Castle Connolly Top Doctors, further affirming the practice's commitment to excellence.

With a focus on the future, FaceologyMD is continuously evolving and completed a beautiful remodel to enhance the patient experience. Surgeries are performed at their state-of-the-art accredited surgery center. Their medical spa has cutting-edge technology including lasers, Radio frequency microneedling, and IPL to make your skin younger. FaceologyMD has also introduced aesthetician services and carries its own advanced FaceologyMD skincare line.

Dr. Raymond Lee's FaceologyMD is more than just a facial plastic surgery practice; it's a testament to the values instilled in him during his upbringing in Ohio, as well as the community bonds he has formed in CdM. With a dedicated focus on facial rejuvenation and a commitment to excellence, FaceologyMD continues to transform lives, one face at a time.

FACEOLOGY® Skincare represents the latest in skincare technology.
